

# PERSONAL PREPARATION FOR CIVIL UNREST

with Dave Acosta

## **What you need to know about keeping your family safe during a large scale critical incident**

### **Prepared not Paranoid**

There is an unthinkable trend growing in the US. Violent acts of destruction are increasing in frequency by emboldened anarchists and other fringe groups. Our local law enforcement resources could be stretched to their limit as they respond to large-scale violent events such as a riot or destructive civil unrest. If that were the case, the responsibility for keeping yourself and your family safe at home or in your neighborhood,

will fall squarely on your shoulders. Come learn what you can do to be better prepared at this seminar (including a Q&A session).

Dave Acosta is a published author and international security and law enforcement tactical trainer.

Friday, July 10th at Ready Gunner in Orem, UT from 7 - 9pm. Space is limited so please RSVP on the [www.readygunner.com](http://www.readygunner.com) website.
